

In order to protect each other and keep everyone safe it is advisable to wear face masks. These have been found to be very effective in preventing the spread of the Corona Virus. We would therefore ask those coming to Mass to bring their own face mask and to wear it through the Mass until Communion time.

We would very much welcome the donation of washable and reusable face masks that we can make available to those who do not have them. If you can help in this respect, please contact the chairperson of the Parish Covid 19 Team, [anne.mcdermottbutler@ntlworld.com](mailto:anne.mcdermottbutler@ntlworld.com), or the parish office 028 9037 0845

[loughshore@downandconnor.org](mailto:loughshore@downandconnor.org)

There will also be an ongoing need for hand sanitiser and Dettol anti-viral wipes. All donations of these items are very much appreciated.

Fr David.
