

# Thinking of fostering?

Across Northern Ireland, there are children and young people who need safe and loving foster homes where they can develop and thrive.

Children and young people may need foster care for a few days, a few months or for the rest of their childhood so there are different ways you can help depending on your lifestyle and family circumstances.

**Could you open your heart and home to make a difference in a child's life?**

Northern Ireland  
**Foster Care**

Come along to an information session and find out about the types of fostering available, the process involved, and the support, training and development opportunities offered to HSC NI foster carers.

*Everyone is welcome - no registration is required.*
